

Functional Anatomy & Physiology

31st January – 11th April 2025

Fridays @ 9.00 – 12.00pm

10 sessions (No class on 28th February)

CRICOS # 01854A
RTO # 2875

The purpose of this unit is to provide participants with a fundamental understanding of human Anatomy & Physiology, which is essential for assessing; communicating and treating clients, no matter what allied health profession you are involved in.

Detailed analyses of the structure and function of all body systems are incorporated, including a thorough study of the muscular and skeletal systems.

Lessons are organised in a simple and easy manner, giving you the knowledge to expand your practitioner skills. Assessment includes a "Body Systems" assignment which becomes an excellent reference tool for students to keep after completion of the course.
